

HAPPY MOTHER'S DAY
SUNDAY, MAY 13TH

EMPLOYEE SPOTLIGHT:

Shannon Paulson - I started working with TCC in October 2006. I have worked in Marketing, Sales, Support, and Customer Service. I enjoy my job because it is always changing and I'm always learning and doing new things. In my free time I enjoy fishing, golfing, being outdoors, hanging out with my dogs, and keeping up with the latest fashions.

Get connected,
use energy smarter

Focus on Energy has partnered with
TCC to offer you connected devices
to help you save energy in your home!

TCC Internet customers whose electric or gas company is in the Focus on Energy program can get one energy saving device from Focus on Energy for FREE or at a reduced price! Available items are listed below. You can get a list of participating electric and gas companies online at: focusonenergy.com/utilities. Devices are then ordered online through Focus On Energy. TCC does not offer free installation or support these devices offered through this program.

STORM SEASON IS COMING SOON!

Storm season will be here before we know it, bringing lightning and potential power outages that can wreak havoc on our electrical devices. Now is the time to get a GOOD surge protector (not just a basic power strip) and to make outlets near your electrical devices accessible so you can unplug them, if needed. Unplugging from the wall is the BEST way to prevent damage to your electronics from lightning and power surges.

MEMORIAL DAY

TCC Internet

TCC offers a Premium Internet service. It is more than just a connection. We offer speeds starting at 20 Mbps and going up to 1 Gbps! Our fiber-rich network delivers the fast speeds regardless of how many people are

TECH TIP: CHANGING YOUR BROWSER HOME PAGE

It seemed appropriate, with our brand new website, to show you how to change your browser Home Page.

Internet Explorer: Open Internet Explorer, go to the page you want to set as your home page, click the “gear” icon in the upper right corner, click on “Internet Options” from the menu. At the top, click the “Use Current” button. This will set the page you currently have open as your Home Page. Click Apply and then click OK.

Google Chrome: Open Google Chrome, go to the page you want to set as your home page (close any tabs of pages you do not want as Home pages, click the “3 dots” symbol in the upper right corner, click “Settings” from the menu. Scroll down to the section titled “On startup” and click the “Use current pages” link to set whatever page(s) you have open as your Home page(s).

Other Browsers: Go to www.youtube.com and type “changing home page in _____” (type your browser) to find video instructions for changing your browser’s Home Page.
