## EMPLOYEE SPOTLIGHT

Kris Husby - I started with TCC (Tri-County Telephone) in December 1993. I've worked many different positions in the company and am currently the Marketing Manager. In my free time, I enjoy cooking, gardening, quilting, and spending time with my family.

## FEBRUARY IS A GREAT MONTH FOR CATCHING UP ON TV SHOWS!

February in Wisconsin is a great month for catching up on the shows you've been storing on your DVR or watching past seasons/episodes through "watchTVEverywhere" -- online streaming access through TCC.

With a DVR, you can record a single show or an entire series with just a couple buttons! A DVR is included with our Viewer and Ultimate Bundles as well as the Digital With DVR cable package. If you don't have a DVR, now is a great time to get one!

**WatchTVEverywhere** is your ticket to over 60 cable channels plus the NCAA Men's Final Four tournament games, online through computer, tablet, smartphone, or streaming device. For instructions on registering and using watchTVEverywhere, go to: <http://tccpro.net/watch-tv-everywhere>. This service is FREE and included with TCC Cable TV service.

# SECUREIT ANTI-VIRUS: GUARANTEED PROTECTION

There are many Anti-Virus programs available to choose from. However, one stands out from the rest:

## SecureIT Plus Anti-Virus from TCC

SecureIT Plus protects you from all kinds of infections - spyware, malware, intrusion attempts, worms, etc. If it is a security risk to your computer or data, SecureIT Plus protects you from it. SecureIT Plus also has built-in email scanning, parental controls and custom settings for gaming and access needs.

SecureIT Plus also includes 24-7 technical support from live technicians in the Midwest who "speak English first and Tech Jargon second." We get a lot of compliments on the courtesy and professionalism of SecureIT techs. They can even connect to your computer remotely to check and clean problems so you aren't stuck spending your time working on your computer. Support like this is something that most Anti-Virus programs will not include.

The well laid-out control panel makes it easy to check the status of your SecureIT Plus program, check/change your parental controls or contact Tech Support with any questions.

Finally, SecureIT Plus is GUARANTEED. They are so confident in their product and technicians that if your computer does get an infection or intrusion and their support cannot resolve the issue for you by phone or remote access, they will COVER the cost of repair by a local computer shop up to \$100!

SecureIT Plus is \$5.95\* per month, per computer with a TCC Bundle plan. (\*without a Bundle, your first computer is \$7.95/month) There is a \$14.95 activation fee, but this includes a SecureIT technician to do the installation for you so you can rest assured that your computer is protected!

Call TCC today to sign up for SecureIT Plus. There is no minimum term you have to commit to and the charge goes right on your TCC bill. Give SecureIT a try today!

## NEW VIDEO ON OUR WEBSITE: BLOCKING CHANNELS WITH IPTV

We've recently created and uploaded a video on how to block channels on your IPTV service that you don't want accessible or even visible on your cable service. A video on blocking channels with traditional cable tv is coming soon so make sure to check back! Find this and other tutorial/information videos at: [www.tccpro.net/tcc-news](http://www.tccpro.net/tcc-news)

## CHANNEL NOTICE: NBC UNIVERSAL DISCONTINUED 'CLOO' AND 'ESQUIRE' ON 2/1/2017

These channels are no longer available on TCC Cable due to NBC Universal discontinuing them.
