General Information

Regulations & Rates

Regulations and rates governing the furnishing of telephone services by the company are on file in our business office. A company representative would be happy to provide you with this information.

Payment of Bills

Monthly bills will be mailed around the 1st of the month for charges for that respective month and are due upon receipt. All accounts not paid by the 15th are considered delinquent and will be charged a \$2.00 late fee. Automatic, online, phone, and sales office payments are available.

Payment Locations: Independence: Business Office | Strum: Business Office

Incorrect Directory Listings

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in Directory Assistance records. In some cases, it is possible for calls to an incorrect number to be rerouted to the correct number. To arrange this, call your telephone business office at the number at the top of this page and your service representative will be happy to assist you.

Notification Upon Application for Service

The Public Service Commission of Wisconsin's Administrative Code Chapter 165.052 (5), states: "A utility shall not disconnect any Residential service without notifying the County Department of Health and Social Services at least 5 calendar days prior to the scheduled disconnection IF THE CUSTOMER OR A RESPONSIBLE PERSON HAS MADE A WRITTEN REQUEST FOR THIS PROCEDURE TO THE UTILITY." We are required to inform you of this right.

Closed Captioning Complaints

For captioning problems during non-emergency programming, you may file a written complaint with either the FCC or your video programming distributor, WWC, LLC, P.O. Box 578, Strum WI 54770, Attn: Buck Webb. If you file your complaint with the FCC, the FCC will forward the complaint to your video programming distributor. The FCC rules establish specific time limits for filing closed captioning complaints. Your written complaint must be filed within 60 days of the captioning problem. After receiving a complaint, either directly from you or from the FCC, the video programming distributor will have 30 days to respond to the complaint. If you filed your complaint with your video programming distributor and they do not respond within 30 days, or if a dispute remains, you can send your complaint to the FCC. You can file your written complaint by using the online complaint form at fcc.gov/accessibilitycomplaints or by e-mailing dro@fcc.gov, faxing 1-866-418-0232, or writing to: Federal Communications Commission Consumer & Governmental Affairs Bureau. Consumer Inquiries & Complaints Division, 445 4L Street NE, Washington, DC 20554.

Statement of Nondiscrimination

This institution is an equal opportunity provider and employer. If you wish to file a Civil Rights program complaint of discrimination, complete the online USDA Program Discrimination Complaint Form, http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call 1-866-632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to the U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax 1-202-690-7442 or email at program.intake@usda.gov.

Support/Resources

Inside Lines and Outlets

TCC services include “wire care” to troubleshoot and repair inside wire and outlet issues. This only includes inside wiring and outlets that are using TCC services, and that were connected to TCC services by a TCC technician. We can offer support and repair services for new wires and outlets.

TCC.Protech Services

TCC offers a variety of professional, technical services at your home or business including wiring, network setup and troubleshooting, hardware/software installation, and computer cleaning and repair.

Need a new outlet? Want to re-configure your network? Let us help! Our technicians are trained in a wide variety of wiring, networking, and technology situations.

TCC.ProTech Services performed at your home or business are \$100.00 per hour, minimum 1/2 hour. These appointments do need to be scheduled in advance.

Computer cleaning and repair services can be performed at our offices at the rate of \$75.00 per hour and typically take 2-3 business days; equipment can be brought into and picked up in our Strum and Independence offices; please add two additional days for equipment brought to Independence as we may need to work on it in Strum.

Custom Calling Services

Call Forwarding

Forwards all of a subscriber's incoming calls to an alternate number without ringing the subscriber's telephone first.

1. To Activate, dial *72.
 - a. Dial the number to forward to including the 1 + area code (as needed).
 - b. You will hear a confirmation tone.
 - c. Hang up the telephone.
2. To Deactivate, dial *73.
 - a. Wait for confirmation tone.
 - b. Hang up the telephone.

Busy Forwarding

Forwards a subscriber's incoming calls only when their line is busy.

1. Contact TCC if you wish to set up Busy Forwarding.

Automatic Recall (*69)

Returns the most recent incoming call.

1. To return a call to the last caller, dial *69

Three-Way Calling

Allows a subscriber to call and add another party during an existing call to create a three-way conversation.

1. To add a third party to an active call, press the flash-hook and then dial the third party's number.
 - a. If the third party answers, press the flash-hook again to rejoin the call connecting all three parties.
 - b. If the third party does not answer or their line is busy, hit the flash-hook twice to rejoin the original call. If you hang up, you will receive a ring back reminding you of the call on hold.

Anonymous Call Rejection

Automatically rejects all calls from "anonymous" numbers.

1. To enable Anonymous Call Rejection, dial *77.
2. To disable Anonymous Call Rejection, dial *87.

Selective Call Block

Allows you to choose numbers you wish to reject calls from; caller will be notified their call is not accepted.

1. Pick up the receiver and dial *60; follow the instructions to set up the numbers in your list.

Selective Call Acceptance

Allows you to choose numbers you wish to accept calls from; other callers will be notified their call is not accepted.

1. Pick up the receiver and dial *64; follow the instructions to set up numbers in your list.

Do Not Disturb

This service allows the subscriber to block the line temporarily to prevent incoming calls.

Outgoing calls can still be made as normal, but incoming calls are not connected. Instead, the caller hears an announcement that the subscriber is not currently accepting calls.

1. To enable Do Not Disturb, dial *78.
2. To disable Do Not Disturb, dial *79.

Smart Call

This feature allows customers to have one line and two phone numbers. Each number rings with a distinctive pattern so the owner knows which number is being called.

It is great for kids to use with friends, for home business calls and fax lines. Contact us to set up.

Call Block

Blocks the last incoming call.

1. Pick up the receiver and dial *60 right after hanging up the phone.

Call Waiting

Emits a tone to notify the subscriber that another call is coming in and allows them to switch between the calls.

1. To take the call waiting, press flash-hook. If you hang up while a call is on hold, you will receive a reminder ring back to reconnect the call.

Cancel Call Waiting

Allows you to disable your Call Waiting on a per-call basis so you will not be disturbed during a call and other calls will either continue ringing or go to voicemail.

1. Pick up the phone, dial *70 before placing a call -OR- disable during a call by pressing 70#.

Automatic Call Back

Continues to call a busy number for you and rings when the line is free (and connects the call).

1. After calling a number that is busy, hang up, then pick the receiver up and dial *66.
2. You will receive a ring back when the number is free – remember call is connected.

Speed Dials

Set up and use one-digit codes to automatically dial frequently called numbers.

Set up Speed Call Numbers:

1. Pick up the phone, dial *74, pause, dial a speed calling code (2-9), followed by the complete number. Two bursts of dial tone indicate the number is set up in your list.

Change Speed Call Numbers:

1. Pick up the phone, dial *74, pause, dial the speed calling code (2-9), followed by the complete number. Two bursts of dial tone indicate the change has been made.

Use Speed Call Numbers:

1. Pick up the phone, dial the speed calling code (2-9) you wish to call and press #.

Simultaneous Ring (Sim Ring)

Sim Ring allows up to four different phone numbers to ring simultaneously when a call comes in. When the call is picked up either by the customer or voicemail, the other numbers stop ringing. At least one number must have telephone service from TCC.

1. Set up Sim Ring numbers in the Service Manager Portal:
 - a. Go to the website: <https://tccpro.net/gettcc/my-accounts> and click the link for your type of phone service (Traditional or VoIP)

Example for incoming calls:

Ring your home #
Ring your cell #
Ring your work #

At the same time!

2. To activate, dial *96.
3. To deactivate, dial *97.

Call Screening

Screens your incoming phone calls by challenging the caller to press “1” to put their call through to you. If “1” is not pressed, the caller will get a message that you are not accepting their call. If they press “1”, their call will go through, and they will be added to your “trusted” list.

You can create a “trusted” list as well so callers will not have to go through this process at all. Call Screening also blocks calls spoofing a local exchange.

Online Phone Manager

TCC gives you easy and secure online access to your voicemail service. Here are the steps to get registered and to log in:

To Register:

1. Go to tccpro.net/gcttcc/my-accounts and click the link for your service. (Traditional or VoIP)
2. Click "Register here", complete form, including choosing a username and password. You will need your TCC Account Number to register. ("TN" is your TCC phone number)

To Sign In:

1. Repeat step 1 above.
2. Type your Username and Password.
3. Click login.

If you forget your Password, click "Forgot Password" and follow the instructions.

VoiceMail

VoiceMail is an answering system for phone service, operated by TCC's phone switch so there is no equipment needed on the customer's end.

VoiceMail – Traditional

1. Access your voicemail from home:
 - a. Pick up the receiver and dial ***98** and enter your PIN.
2. Access your voicemail away from home:
 - a. Call your phone number, press ***** during the greeting and enter your PIN.
3. Main Menu
 - a. Press **1** to Play messages
 - b. Press **2** to Save message, go to next
 - c. Press **3** to Erase message
 - d. Press ***** to return to Main Menu

VoiceMail – VoIP

1. Access your voicemail from Home:
 - a. Dial your phone number or dial ***333**, wait for your message to start, then press*
 - I. Upon initial login to the voicemail, you will be prompted to begin setup.
 - II. Change Greeting
 - III. Record Name for Announcement
 - IV. Change PIN
 - V. Exit
 - b. After initial setup, voicemails will automatically play upon logging in
2. Access your voicemail away from home:
 - a. Call your phone number, wait for your message to start, then press *****
 - b. Messages will begin playing
3. Main Menu:
 - a. Press **1** to Replay the current message
 - b. Press **2** to Skip current message and go to the next message
 - c. Press **4** to Rewind 5 seconds when playing a message
 - d. Press **5** to Advance 5 seconds when playing a message
 - e. Press **7** to Delete the current message
 - f. Press ***** to Exit

Corded & Cordless Phones

TCC is still your source for great corded and cordless phones, from single handset to multi-handset units, standard home or shop phones, and big button phones with special hearing/vision impaired features! Contact TCC today if you need a new phone! We can get the right phone for your needs and even put it on your TCC phone bill!

Long Distance

TCC Long Distance saves you money and you earn Capital Credits. Buy a "bucket" of minutes so you know what you have to use and what you are spending each month OR pay a flat \$.12 per minute for calling anytime and anywhere in the continental U.S.!

100 Minutes	\$10.00/month Just \$0.10/minute!
250 Minutes	\$22.50/month Just \$0.09/minute!
500 Minutes	\$42.00/month Just \$0.084/minute!
1000 Minutes	\$70.00/month Just \$0.07/minute!

PLUS TCC has Low International Rates!

Tips, Tricks & Help

Here are some basic tips, tricks, and help for common questions we hear related to Internet, TV, and Phone.

Internet

Restarting Equipment | Wi-Fi Issues

Restarting your modem, router, or device can fix a variety of issues. To restart a modem or router, find the power cord on the back or where it plugs into an outlet and pull the cord out. Wait 30 seconds and plug it back in. Wait about 2 minutes for the device to fully restart.

If you have trouble connecting to Wi-Fi, make sure the Wi-Fi on your device is “on” and that it is connected to your network. Go to the device settings, to Wi-Fi or Network to verify. You should also try a different device to see if it is your Wi-Fi or just one device.

Video

TV Input | Remote Programming

If you see “No Source” or “No Input on your screen, it’s likely the input was changed. To fix this, find either your TV remote or the TCC box remote and find the “Source” or “Input” button. Press this button to bring up a list of inputs. You can either arrow to each choice and press OK or keep pressing the Source/Input button to toggle through each one until you find the right input.

If you need to program your TCC remote to your TV, you can find the instructions on our web page at www.tccpro.net. Choose customer care at the top and select TV Support. We have instructions for popular TV brands and their respective programming codes.

Phone

Line In Use | Power Outages

If your line is busy or the “line in use” light on your phone is lit, it usually means a phone in your house is off the hook or that a cordless phone has taken a power surge and is putting too much static on your line. Unplug every phone in your home except for one non-cordless phone to see if this helps.

Cordless phones are very convenient but can be the source of apparent line issues and they do not work during power outages. We suggest having a non-cordless phone available in your home for power outages or in case of cordless phone failure.

Help Resources

Our website has a variety of helpful resources including:

- Support web page for Internet, Video, and Phone
- How-to videos (also available on YouTube)
- Instructions for TV remotes, Wi-Fi, E-Mail setup
- TCC Total Wi-Fi management app
- Contact form for asking questions
- Facebook page where we often post helpful articles and videos

Internet Service

High-Speed Internet

Blazing fast, reliable, and affordable! Whether you want to download your favorite music, stream movies, work or attend school online, play online games or catch up with your friends on social media, you can count on TCC!

TCC Internet Services & Features

- Fast and Reliable
- Free Anti-Virus
- Free Cloud Storage
- Free Password Manager
- Free 24/7 Technical Support
- TCC Total Wi-Fi: Your Wi-Fi management app
- Local Office & Support

Business Class Internet Services

Connectivity, Data Storage, Networking, Email, Archiving, Online Backup, Equipment Collocation, Spam Filtering, Network Firewall & more!

Strum & Independence:

Mon - Fri 8 a.m. - 4:30 p.m.

715-695-2691

info@tcc.coop / www.tccpro.net

Available in Alma Center, Arcadia, Blair, Centerville, Eleva, Ettrick, Fairchild, Galesville, Hixton, Humbird, Independence, Merrilan, Newcomb Valley, Northfield, Osseo, Pigeon Falls, Pleasantville, Strum, Taylor, Town of Alma, Town of Drammen, Town of Naples, Trempealeau, Whitehall.

Not available in all areas; Internet services are provided by Tri-West Communications, LLC - A TCC Company.

Total Wi-Fi

Manage. Control. Protect.

TCC's Total Wi-Fi is your ticket to the ultimate Wi-Fi experience. Choose from a free version that allows you to manage your password and run speed tests on your network or the full version that gives you protection on your connected devices, parental controls, user management tools, and more!

Equipment – A Calix GigaSpire is a brand-new router from TCC that gives you the best possible speed and signal coverage, along with app access for more control, protection, and security. A Calix GigaSpire is the new standard router for TCC Internet services.

Manage – The basic (free) version lets you manage your Wi-Fi password and run speed tests on your network to help troubleshoot issues that may arise. The full version gives you extra controls for creating guest networks and managing connected devices.

Control – Create user profiles and control the devices and apps used by each user, along with setting time parameters and viewing online usage. These features are included with the full version.

Protect – A network-level security service that protects all the devices connected to your Wi-Fi against threats from intrusion, known harmful websites, malicious payloads in data transfers, hacking, and more. If it's connected, it's protected! This feature is included with the full version.

watchTVeverywhere

watchTVeverywhere is a service included with TCC TV service for watching over 70+ channels over the Internet through your smart TV, tablet, smartphone, or streaming device!

To get started, go to **watchtveverywhere.com**, choose Tri-County Communications Cooperative as your provider, select Register, and complete the form.

Then go back to **watchtveverywhere.com** and choose a channel or use your login to subscribe to your favorite channels on your streaming device!

**Available channels depends on your TV package; programmers are in control of content available for streaming and can add, remove, or change their channels at any time.*

Video Services

TV from TCC is clear, reliable, and a great value!

TRI-COUNTY COMMUNICATIONS COOPERATIVE, INC. EXCHANGES

- Great channel lineup
- Record with a DVR
- WatchTVeverywhere streaming
- On-screen program guide
- NFL RedZone channel
- Music-only channels
- Movie packs: HBO, Cinemax, Showtime, Starz/Encore
- Reliable signal
- Clear picture
- No contracts or hidden costs

Plus, you can stream more than 70 channels online with WatchTVeverywhere!

SmartHub & EFT/Direct Pay

SmartHub and EFT/Direct Pay make paying and viewing your bill quick and easy!

SmartHub

SmartHub is a free service that lets you view current and past TCC bills and make payments online through your smartphone, tablet, or computer safely and securely. SmartHub puts more control in your hands. Visit tcc.smarthub.coop to sign up.

EFT/Direct Pay

EFT/Direct Pay is another free service that automatically pays your TCC bill every month through a checking/savings account OR a credit/debit card. Save time, hassle, and money. You can still receive a monthly statement in the mail OR you can go GREEN by choosing paperless billing! You can still view (and print, if needed) your bills through SmartHub. Any changes to your payment information must be submitted to TCC by the 11th of the month to ensure proper payment.

Be Smart, Save Time, Money & Trees!

SmartHub is the easy way to manage your account.

- View and pay your bill
- Set up auto-pay
- Report service issues
- Receive important notices

YOUR NETSMARTZ

CYBERBULLYING

Don't be mean.

Gossiping doesn't make you cool.

Ignore. Block. Tell.

Ignore mean or threatening messages, block the sender, and tell a trusted adult who can help you report them.

Speak up

if your friends are cyberbullying someone.

ONLINE PREDATORS

Recognize the difference between cute and creepy.

An older guy who wants to date someone much younger is just creepy.

Don't just sit there – REPORT

TRUSTED ADULTS

Talk to your parents or guardians

about what you're doing online. They're not as bad as you think.

SHARING TOO MUCH

Avoid TMI.

Don't post anything too personal or embarrassing.

Protect your space.

Use privacy settings and don't accept just anyone as a friend.

Don't be that kid

who gets suspended for posting something stupid online.

PROTECTING YOUR KIDS ONLINE 2.0

CONNECT

Set some ground rules.

Establish clear guidelines like what types of sites kids can visit, apps they can download, and when they can have access to electronics. Consider “blackout” periods that require disconnection.

Research before you buy.

It’s important to learn about a device’s capabilities before you buy. Will it allow unknown people to communicate with my child? Will this allow children to make unchecked purchases?

Go beyond safeguards.

Installing monitoring software doesn’t guarantee your child will be safe online. Time, attention, and active conversation are the best tools to protect them.

REPORT!

If your kids are dealing with cyberbullies or potential online enticement, report it to the website, cell phone provider, law enforcement, or www.cybertipline.org

LEARN

Know the platforms.

Online enticement happens across all platforms, so be aware of the sites, games, and apps your children frequent. Ask them to show you how they use them.

Be proactive.

Teach your kids to spot common tricks used by online offenders. In NCMEC CyberTipline reports, the most common tactics used to entice a child online were:

- Engaging the child in sexual conversation/ roleplay as a grooming method.
- Directly asking the child for sexually explicit images of themselves, or offering to mutually exchange images.
- Developing a rapport with the child through compliments and other supportive behaviors such as “liking” their online posts.
- Sending unprompted sexually explicit images of themselves.
- Pretending to be younger.
- Offering incentives for explicit content.

Spot the Red Flags.

A child who is experiencing online enticement may be:

- Spending increasing time online.
- Getting upset when he or she is not allowed on their device.
- Taking extra steps to conceal what they are doing online.
- Receiving gifts from people you don’t know.

ENGAGE

Talk about it!

Your kids might not tell you everything, but ask anyway. Regular conversations about safety can go a long way in increasing trust and communication.

Get involved.

Challenge them to a duel. If you have kids who like to play online games, ask if you can play, too. When you respect their interests, they’re more likely to respect your rules.

Don’t pull the plug.

Taking away internet access because they may have made mistakes online doesn’t solve the problem. Talk to them about protecting themselves and respecting others online.

A program of the

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

-
- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
 - Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
 - Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
 - Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
 - Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
 - Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

RETHINK "STRANGER DANGER"

- **DON'T SAY:** Never talk to strangers.
- **SAY:** You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.
- **DON'T SAY:** Stay away from people you don't know.
- **SAY:** It's important to get my permission before going anywhere with anyone.
- **DON'T SAY:** You can tell someone is bad just by looking at them.
- **SAY:** Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.

If your child is missing, contact your local law-enforcement agency immediately.
Then make a report to the National Center for Missing & Exploited Children® at:

1-800-THE-LOST® (1-800-843-5678).

THE RISKS

PARENTS' GUIDE TO SMART PHONE SAFETY

SMART OR SCARY?

Smartphones are essentially little computers, so you might be a little worried when handing one over to your child. Take some time to understand the risks and implement a few safeguards so that you can help your child use smartphones safely.

• CYBERBULLYING

With the constant connectivity of smartphones, your child may be more susceptible to cyberbullying or have more opportunities to cyberbully others.

• GEOLOCATION

A GPS-enabled smartphone can reveal your child's location through online posts and uploaded photos.

• INAPPROPRIATE CONTENT

With smartphones, your child has mobile access to content you may consider inappropriate, such as pornography or violent videos.

• SEXTING

Your child may use the Internet and social apps to send, receive, or forward revealing photos.

• VIRUSES & MALWARE

Just like a computer, a smartphone is vulnerable to security attacks if your child accesses unsecured websites and apps.

5 WAYS TO BE SMARTER THAN THE SMARTPHONE!

1. Be a parent and a resource.

Establish clear guidelines, including time limits and consequences for inappropriate behavior, but be open so your child will come to you with any problems.

2. Set up password protection.

This will keep everyone but you and your child from accessing personal information stored on the phone.

3. Update the operating system.

New versions often contain important security fixes.

4. Approve apps before they are downloaded.

Make sure you understand their capabilities and approve their content.

5. Understand location services.

GPS features are useful when using maps, but you'll want to disable location-tagging when your child posts anything online.

MISSING &
EXPLOITED
CHILDREN

Tips:

Gaming Safely

NetSmartz.org/TipSheets

Parental involvement is critical when it comes to helping children game more safely. Take an active interest in the games that your child plays and wants to buy. You can research games' ratings and content on www.esrb.org. This website is maintained by the Entertainment Software Rating Board which rates thousands of games each year.

Know which safety features are available on the gaming equipment that your child uses—a headset may have voice-masking features, for example.

Keep gaming consoles in an easy-to-supervise location and be aware of other places where your child may be accessing games.

Tell your child never to give out personal information while gaming or agree to meet anyone outside of the game.

Set rules about how long your child may play, what types of games are appropriate, and who else may participate.

Have your child check with you before using a credit or debit card online.

Check to see if the games your child plays have reporting features or moderators.

Start a discussion with your child

- » Can we play some of your favorite games together?
- » How do you respond if someone bothers you while you are gaming?
- » How much do you let people know about you while gaming?
- » What kinds of people do you game with?
- » Do you feel safe while you are gaming online? Why or why not?

A PROGRAM OF THE
NATIONAL CENTER FOR MISSING & EXPLOITED CHILDREN™

FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

Bandages & Gauzes

Sterile Gauze
Adhesive Tape
Adhesive Bandages
Elastic Bandage
Antiseptic Wipes
Soap

Medicines

Triple-Antibiotic Cream
Antiseptic Solution H₂O₂
Hydrocortisone Cream (1%)
Anti-Inflammatory
Pain Killers
Calamine Lotion

Medical Equipment

Tweezers
Sharp Scissors
Safety Pins
Instant Cold Packs
Alcohol Wipes
Thermometer
Plastic Gloves

Additional Items: Flashlight with extra batteries, a list of emergency numbers

AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.

POISONING

Signs & Symptoms

- drowsiness
- a confused mental state
- excessive drooling
- unusual odor
- sudden change in behavior
- vomiting
- pill fragments on the lips or clothes
- listlessness

WHAT TO DO

If you suspect that a child has taken a poison and he or she is alert, contact your local poison control center right away for advice: 1-800-222-1222.

Seek Emergency Medical Care or Call 911 If...

- The child has taken a poison and has a change in mental state. It's important to remember to bring in the specific container or bottle of the substance the child ingested. **Do not give a child ipecac.**

Think Prevention!

Help prevent poisoning by:

- discarding used button cell batteries (like those used in watches) safely and storing any unused ones far from children's reach
- keeping alcohol and cleaning products far out of children's reach or locked in cabinets
- keeping medications in locked cabinets
- never telling a child medicine tastes like candy
- never putting cleaning products in containers that were once used for drink or food
- never putting insect poison on the floor

Note: All information is for educational purposes only. For specific medical advice, diagnoses, or treatment, please consult a doctor. Review this with a doctor prior to use.

CONSUMER TIPS

LIFELINE ASSISTANCE

Do you need help paying for internet access? Lifeline is a nontransferable government assistance program that provides a \$9.25 discount on the cost of monthly broadband service (where available)* and is limited to one discount per household**.

Only eligible customers may enroll and receive the discount.

You may be eligible for the Lifeline broadband service discount if you, or someone in your household, participate in any of these programs:

- Medicaid
- Supplemental Security Income (SSI)
- Supplemental Nutrition Assistance Program (SNAP)
- Federal Public Housing Assistance (Section 8)
- Veterans Pension and Survivors Pension

You may also qualify if your household income is at or below 135% of the Federal Poverty Guidelines.

To discuss Lifeline with a representative, or to see if you qualify, contact your telephone service provider.

- Ntec - Customer Service 715-672-4204
or visit us at <https://www.ntec.net>
- Spring Valley Telephone Co Inc -
Customer Service - 715-778-4433
or <https://www.lifelinesupport.org>
- TCC - Customer Service 715-695-2691
or visit us at: <https://www.tccpro.net>
- West Wisconsin Telecom Cooperative
Customer Service 715-664-8311
or <https://www.lifelinesupport.org/>

* Not all broadband products are eligible.

** Some states also provide additional discounts

AFFORDABLE CONNECTIVITY PROGRAM (ACP)

The Affordable Connectivity Program (ACP) is an FCC program that helps connect families and households struggling to afford Internet service.

The benefit provides:

- Up to \$30/month discount for Internet service;
- A one-time discount of up to \$100 for a laptop, desktop computer or tablet purchased through a participating provider.

To see if you qualify or to enroll in the program, visit AffordableConnectivity.gov to submit an application or print a mail-in application.

Eligible households must **both** apply for the program **and** contact a participating provider to select a service plan. For more information visit fcc.gov/acp or call 877-384-2575.

TELEMARKETING CALLS

If you are not interested when someone calls, just cut in and say so. If you don't want other calls from that number, ask them to take your name off their list. You may reduce the number of at-home telephone solicitation calls by adding your name to the No Call Lists. The service is free and available only to residential telephone customers.

- Registration on the Wisconsin Do Not Call Registry is permanent. Wisconsin residents no longer have to sign up every two years. Sign up once, and you're done, as long as you have that number.
- Wisconsin will use the federal Do Not Call list. Numbers on the Wisconsin No Call List will automatically be transferred to the federal list.
- To verify that your number is registered call 1-888-382-1222 (TTY: 1-866-290-4236). You must call from the phone you want to verify. The important protections provided by Wisconsin's telemarketing laws will remain in place.

Wisconsin's No Call List
1-866-966-2255
<https://nocall.wisconsin.gov>

900 INFORMATION SERVICES

Private companies offer a variety of informational services using phone numbers that begin with 900 or 976. There is a charge for calls to these numbers. 900 calls usually contain an introductory disclosure message specifying the charges, the time necessary to complete the call and an option to disconnect without a charge at the end of the introductory message. The price and content of 900 services are the responsibility of the companies that provide the information.

Your local business office can assist you in placing a 900 block on your telephone line. This will prevent the ability of 900 numbers to be called from your line.

CALL BEFORE YOU DIG!

LOCATION OF BURIED FACILITIES FOR DIGGERS AND EXCAVATORS

It is the policy of the TELEPHONE COMPANIES LISTED BELOW to locate their buried facilities within their exchange area without charge to anyone planning to do digging or excavating in the exchange area.

When digging, if no request for location is made to the company, and the facilities are damaged or made inoperative, the person or firm doing the digging or excavating will be responsible for the entire cost of the damage incurred.

In accordance with Wisconsin State Law (Statute 182.0175) a request for location of buried facilities must be made by the individual(s) or firm doing the digging "not less than 3 working days prior to the start of the excavation or demolition."

When a request has been made for the location of buried facilities in accordance with the above requirements and the request is not responded to, any damage which occurs to the buried facilities shall be the responsibility of the company having failed to locate its buried facilities.

All charges for relocating or rearranging buried facilities located on private rights-of-way will be borne by the individual, firm, or company requiring the change.

Any person who knowingly fails to comply with this section... shall forfeit \$1,000 for each such failure, provided that if the failure to comply results in damage to any transmission facility, the forfeiture shall be \$2,000. Each day that failure to comply persists is a separate offense.

WISCONSIN RELAY SERVICE

Wisconsin Relay Makes Telecommunications Accessible for Nonstandard Phone Users

What is Wisconsin Relay?

Wisconsin Relay is a no-cost, completely confidential 24-hour public service that makes the use of the telephone possible and a better experience for many thousands of citizens and visitors of the state who are deaf, hard of hearing, deaf-blind, speech-disabled, and hearing.

How does Wisconsin Relay work?

The person dials the toll-free Wisconsin Relay number and gives the relay operator the area code and number of the person receiving the call. An example of a Wisconsin Relay service is a highly trained relay operator who voices the typed comments by the TTY (text telephone) user and types the spoken comments by the other person back to the TTY user. Wisconsin Relay provides several options to meet the needs of people who do not use the standard telephone.

How to connect to Wisconsin Relay

Dial: 711 *	Voice Carry-Over: 1-877-490-3724
TTY: 1-800-947-3529	Hearing Carry-Over: 1-800-947-3529
Voice: 1-800-947-6644	Speech-to-Speech: 1-800-833-7637
ASCII: 1-800-267-8867	Spanish-to-Spanish: 1-800-833-7813
	Spanish-to-English: 1-877-490-3723

* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 711 not possible. The above 800 numbers can be dialed when not able to get through to 711.

CapTel®—a no-cost captioned phone service

CapTel, short for captioned telephone, users place calls in the same way when dialing with a standard telephone. Utilizing voice recognition technology that displays verbatim captions of the conversation on screen of a telephone or computer screen, the CapTel user can hear and read what the other person is saying.

How do I apply for specialized telephone equipment?

The Telecommunications Equipment Purchase Program (TEPP) provides qualified applicants (proof of a disability that makes using a standard telephone difficult or impossible) with vouchers to purchase assistive telephone equipment.

A person can apply for a voucher by visiting: www.wisconsinrelay.com/tepp or calling 1-800-251-8345 (TTY in state only) or 1-608-231-3305 (Voice).

Learn more about Wisconsin Relay

Wisconsin Relay Website: www.wisconsinrelay.com
Wisconsin Relay Customer Service: 1-800-676-3777 (TTY/Voice/ASCII)
Wisconsin Relay Spanish Customer Service: 1-800-676-4290 (TTY/Voice/ASCII)
Speech-to-Speech Customer Service: 1-877-787-1989 (Voice)
Voice Carry-Over Customer Service: 1-866-931-9027 (Voice)
CapTel Customer Service: 1-888-269-7477 (Voice/CapTel/TTY)
CapTel Spanish Customer Service: 1-866-670-9134 (Voice/CapTel/TTY)

Services supported by surcharge

A few cents per telephone bill surcharge makes Wisconsin Relay services possible for the citizens of Wisconsin. T-Mobile is the provider of the relay services for Wisconsin.

711 is not an emergency number

Some people might assume it is okay to call 711 for emergencies. The 711 Wisconsin Relay number is for relay service calls only. The Americans with Disabilities Act (ADA) requires that 911 centers be prepared to handle emergency calls from people who use the text telephone. Wisconsin Relay will make every effort to assist a person during an emergency but cannot serve in the same function as 911 centers. Wisconsin Relay does not assume responsibility for handling emergency calls.

WISCONSIN STATE LAWS

WARNING

947.015 Bomb Scares.

Whoever intentionally conveys or causes to be conveyed any threat or false information, knowing such to be false, concerning an attempt or alleged attempt being made or to be made to destroy any property by the means of explosives is guilty of a Class E felony punishable by a fine not to exceed \$10,000.00 or imprisonment not to exceed 2 years, or both.

941.35 Emergency Telephone Calls.

(1) As used in this section:

- (a) "Party line" means a subscriber's line telephone circuit, consisting of 2 or more main telephone stations connected therewith, each station with a distinctive ring or telephone number.
 - (b) "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.
- (2) Whoever intentionally refuses to yield or surrender the use of a party line to another person immediately upon being informed by such other person that he or she wants to report a fire or summon police, medical or other aid in case of emergency, is subject to a forfeiture not to exceed \$1,000.00.
- (3) Whoever intentionally asks for or requests the use of a party line on the pretext that an emergency exists, knowing that no emergency in fact exists, is subject to a forfeiture not to exceed \$1,000.00.
- (4) Every telephone directory printed and distributed to the members of the general public after September 1, 1965, shall contain a notice to be prominently printed and displayed in bold-faced type, stating in substance the conduct prohibited by this statute, and to be preceded by the word "Warning." This subsection shall not apply to those directories distributed solely for business advertising purposes, commonly known as classified directories.

943.22 Use Of Cheating Tokens.

Whoever obtains the property or services of another by depositing anything which he or she knows is not lawful money or an authorized token in any receptacle used for the deposit of coins or tokens is subject to a forfeiture not to exceed \$500.00.

943.45 Obtaining Telecommunications Service By Fraud.

- (1) Whoever with intent to defraud obtains or attempts to obtain telecommunications service by any of the following means may be penalized as provided in sub. (3):
- (a) Charging such service to an existing telephone number or calling card number without the consent of the subscriber thereto or the legitimate holder thereof.
 - (b) Charging such service to a false, fictitious, suspended, terminated, expired, canceled or revoked telephone number or calling card number.

- (c) Rearranging, tampering with or making connection with any facilities or equipment.
 - (d) Using a code, prearranged scheme, or other stratagem or device whereby said person in effect sends or receives information.
 - (e) Using any other contrivance, device or means to avoid payment of the lawful charges, in whole or in part, for such service.
- (2) This section shall apply when the said telecommunications service either originates or terminates, or both, in this state, or when the charges for said telecommunications service would have been billable in normal course, by a person providing telecommunications service in this state but for the fact that said service was obtained or attempted to be obtained, by one or more of the means set forth in sub. (1).
- (3) Whoever violates this section is guilty of:
- (a) A Class A misdemeanor, if the charges for the service obtained, or attempted to be obtained, do not exceed \$500.00. For a Class A misdemeanor punishable by a fine of not to exceed \$10,000.00 or imprisonment not to exceed 9 months, or both.
 - (b) A Class E felony, if the charges for the service obtained, or attempted to be obtained, exceed \$500.00. For a Class E felony punishable by a fine not to exceed \$10,000.00 or imprisonment not to exceed 2 years, or both.
- (4) When there has been more than one unlawful obtaining, or attempt to obtain, by an offender, the aggregate of the charges for the telecommunications service unlawfully obtained, or attempted to be obtained, shall determine the grade of the offense.

947.01 (2) Unlawful Use Of Telephone.

Whoever does any of the following is guilty of a Class B misdemeanor:

- (1) With intent to frighten, intimidate, threaten, abuse or harass, makes a telephone call and threatens to inflict injury or physical harm to any person or property of any person.
- (2) With intent to frighten, intimidate, threaten, abuse, harass or offend, telephones another and uses any obscene, lewd or profane language or suggests any lewd or lascivious act.
- (3) Makes or causes the telephone of another party repeatedly to ring, with intent to harass any person at the called number.
- (4) Makes repeated telephone calls, whether or not conversations ensue, with intent solely to harass any person at the called number.
- (5) Makes a telephone call, whether or not conversation ensues, without disclosing his or her identity and with intent to abuse, threaten or harass any person at the called number.
- (6) Knowingly permits any telephone under his or her control to be used for any purpose prohibited by this section."

Penalties for a Class B misdemeanor consist of a fine not to exceed \$1,000.00 or imprisonment not to exceed 90 days or both.

LONG DISTANCE CALLING

LONG DISTANCE

You will need to select a long distance carrier when ordering phone service. Rates for the services are determined by the companies that provide this service. Because long distance calling services are competitive, we cannot recommend any particular carrier to you.

We do recommend that you preserve your choice of long distance carrier by adding a PIC freeze to your line. This will prevent your carrier from being changed without your authorization.

EQUAL ACCESS

Your local telephone companies have implemented Equal Access. This allows a customer to select a primary long distance company to handle your calls. You may make two selections: one selected carrier for intraLATA and one carrier for interLATA calls. When you dial 1 + Area Code + Telephone Number, the company you have selected will be handling your calls.

Rates and regulations vary between companies so you should select the long distance company that best meets the calling needs of your family or business. If you decide to switch your long distance company, there is a service charge per telephone line. If you experience any problems making a long distance call, please contact your long distance company directly.

DIRECT-DIALED CALLS

1 + Area Code + Telephone Number

Direct-dialed calls are the least expensive way for customers to make a long distance call. When the customer dials directly, without the assistance of an operator, the lowest of long distance charges are applied.

INTERNATIONAL CALLS

You can direct-dial international calls by following the directions found on page 6 of this directory.

800 NUMBER CALLS

Long distance calls can be made without charge to numbers who have 800 number service. These include telephone numbers beginning with 800, 888, 877, 866, 855, 844, 833 and 822.

OPERATOR-ASSISTED CALLS

0 + Area Code + Telephone Number

If at any time you need the service of an operator to place or complete a call, dial "0". After an operator answers, explain your calling situation. The operator will gather current billing information and then will assist in making your call. There are charges for any operator-assisted calls including:

Collect Calls including Station-to-Station or Person-to-Person

You may call collect if the person or firm you are calling agrees to pay the charges. After the called party agrees to pay the charges for the collect call, the operator will leave the line.

Third-Number Billed Calls

You can make a long distance call from another telephone and bill it to your own telephone number. Dial the operator and ask to make a third-number billed call. After the operator has verified the number that is being billed, your call will be placed for you.

CASUAL DIALING

Casual dialing, although not available in all areas, will allow you to designate a long distance company on a per-call basis. This is done by dialing the company's access code - for example, 1010211 - before the number you are calling. You need to contact the company that's offering casual dialing services and set up billing information before these services are activated.

CUSTOMER REMINDERS

You will not be charged

- If you hang up before you dial the complete number.
- If the telephone number you dial is busy.
- If the telephone number you dial is not answered.

You will be charged

- Anytime you place a long distance call and an answering machine or Voice Mail picks up your call.

INTERNATIONAL CALLING

TO MAKE DIRECT DIAL CALLS USE THE CHART BELOW AND DIAL:

011

+

COUNTRY CODE

+

CITY CODE

If none, omit this step

+

NUMBER

Example: La Paz, Bolivia: 011 + 591 + 2 + Number

TO MAKE OPERATOR ASSISTED CALLS USE THE CHART BELOW AND DIAL:
(Or Call Your Long Distance Company)

01

+

COUNTRY CODE

+

1+CITY CODE

If none, omit this step

**AN OPERATOR WILL
COME ON THE LINE**

Example: Nepal: 01 + 977 + No City Code → An Operator
Omit This Step Will Come On The Line
